APIRU WERE A SCANDINAVIAN OR AN ARYAN RACE
THAT LIVED IN NORTHERN ISRAEL AND THE MIDDLE EAST

http://britam.org/HebrewTypes.html

What is the meaning of Apiru?

Habiru, a variant spelling of Ḫapiru (Apiru), a designation of a class of people who made their living by hiring themselves out for various services. The biblical Hebrews had been in Egypt for generations, but apparently they became a threat, so one of the pharaohs enslaved them.

The general public who DO NOT DO THEIR HOMEWORK AND INSTEAD USE THE BIBLE as if it were the INSPIRED WORD OF GOD. These SLEEPING SHEEPLE have no idea what was actually going on before, during and after the time of Jesus. The Sleeping Sheeple do not realize that REAL HISTORY does not correspond with the history we find in the Bible and that REAL HISTORY has been kept a secret from all of us for very devious reasons by the writers of the so called Holy Bible and the POWERS THAT BE who have controlled what we know about REAL HISTORY. A quick example: The Powers

that Be have been promoting Columbus as the founder of America when it was the Aryan tribes who migrated to America first.

Most people have ABSOLUTELY NO IDEA THAT SCANDINAVIANS ONCE HAD THE DIVINE RIGHT TO RULE THE WORLD and that after the Flood Periods many survived and settled in the Middle East and Far East. It is a best kept secret.

It appears that those who have controlled our histories, which are the CHURCH STATE and the monarchies etc., have lied to us in an attempt to install their history and legacy instead and this includes the Jews who severly corrupted the Bible texts.

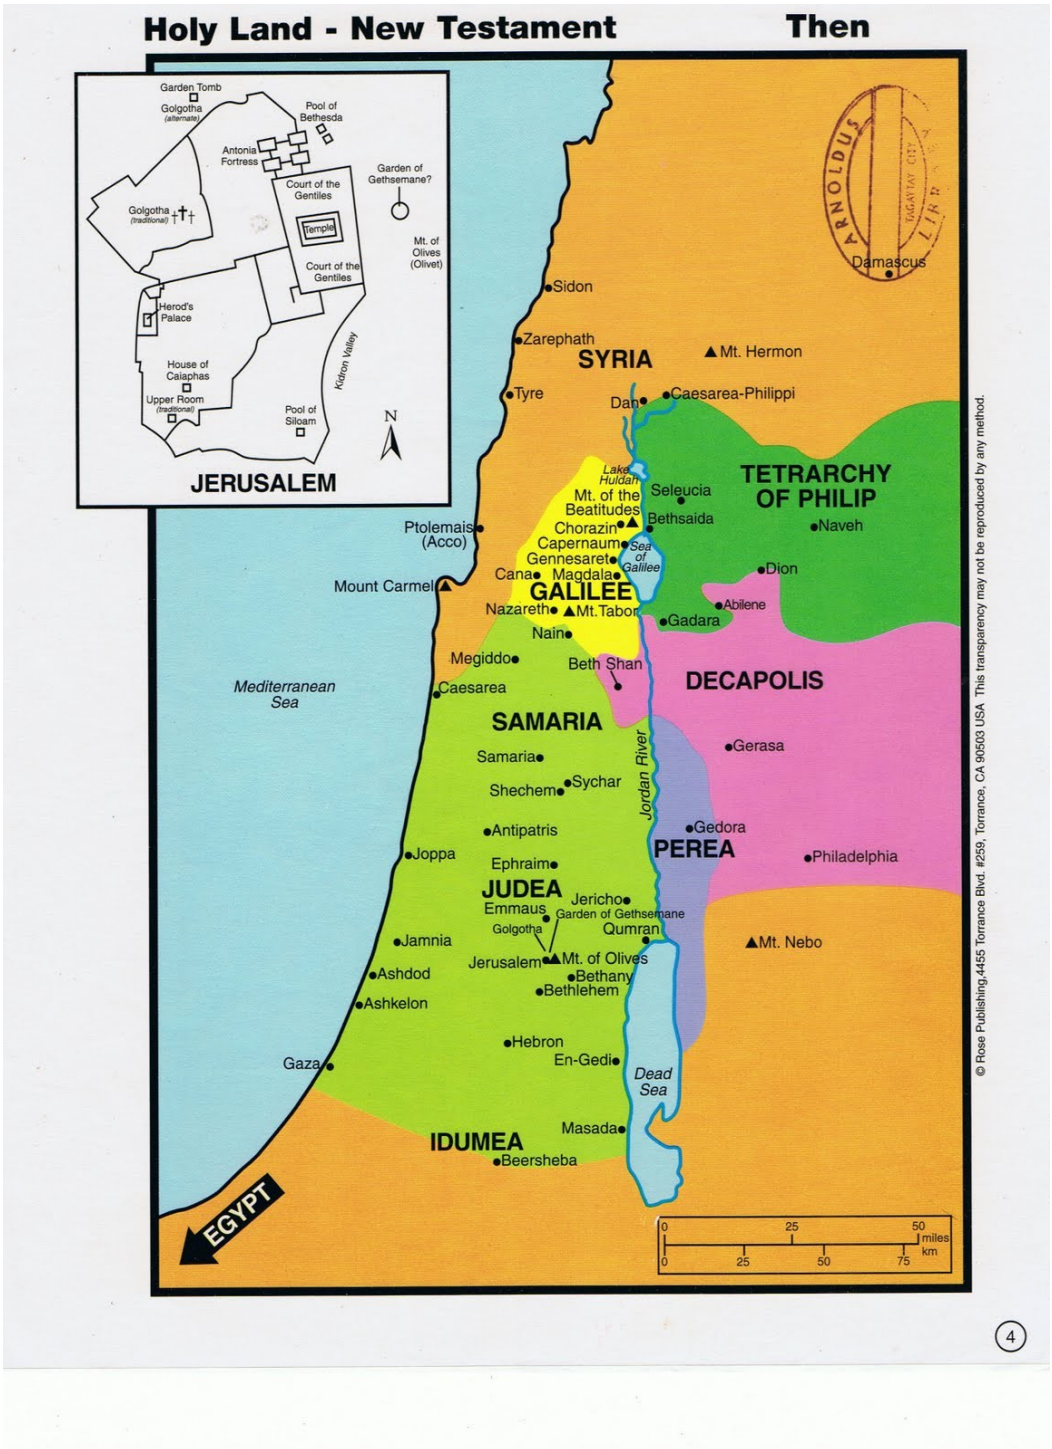
These northern tribes in Israel who were the Scandinavian Aryan Anglo Saxon white race migrated into Europe and then America.



Some records show us that these two different races the Apiru and Shoshu have been confused for one another, or combined with each other. This may be because they inner bred with one another. The Apiru seem to be the INDIGENOUS tribes that lived in Northern Israel in Galilee west of the Jordan river.

Donald B. Redford, *Egypt, Canaan, and Israel in Ancient Times*, 1992

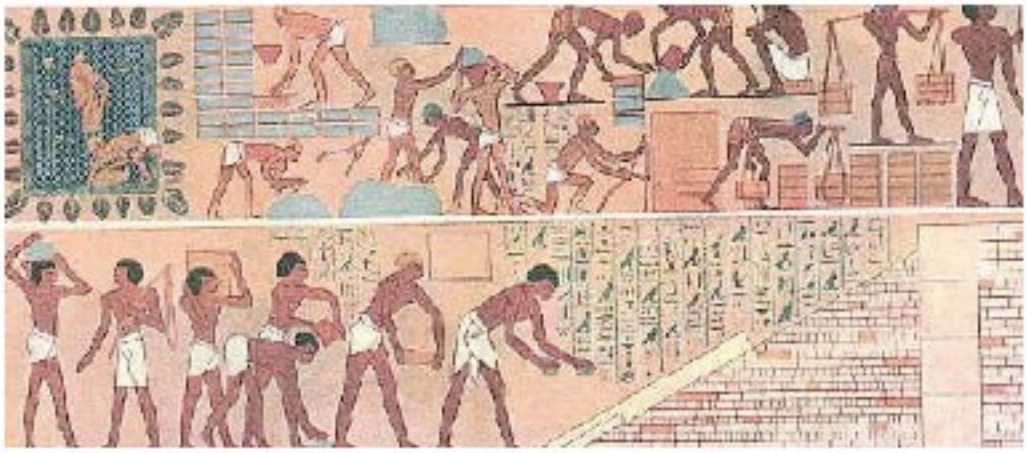
"Ever since the great deportations of Thutmose III and Amenophis II, the northern empire and Palestine especially had suffered a weakening brought on by underpopulation. Not only did the 'apiru banditry now take advantage of the vacuum in the highlands, but nomads from Transjordan [land east of the Jordan river] also began to move north into Galilee and Syria and west across the Negeb to Gaza, Ashkelon, and the highway linking Egypt with Palestine."

Donald B. Redford, *Egypt, Canaan, and Israel in Ancient Times*, 1992

"The 'apiru and the nomads (Shasu) are the people that the Egyptians, according to the inscriptions of the Eighteenth and Nineteenth dynasties, met in Palestine. These are therefore the ancestors of many of the 'tribes' of the central hill country that we later meet in the biblical narratives about the period of the so-called Judges."

No one can prove that the major nations or tribes of that federation in the Bible known as Israel had always existed on Palestinian soil. All that is known for certain is that, at some time during the fourth quarter of the thirteenth century B.C., Egypt knew of a group, or political entity, called 'Israel' that occupied part of the land of Canaan; but whether the group had recently arrived or taken shape is not stated in our sources. As you cross reference and look deep into who they were, It looks to me like the Shoshu, Canaanites and the Jews were associated with and lived along side of the Apiru

Scandinavians that lived in northern Israel. Notice that: **Shoshu and Apiru = Hebrew.**



Scandinavian workers were known as the race with pink skin and blond hair they were not the dark hair dark eyed tribes (Canaanites) that working along side them in Egypt during drought periods in Israel.

When you dig deeper you learn that the Apiru were not a dark hair dark eyed race they were an Aryan or Scandinavian race that were an indigenous race in the Middle East and Ancient Sumer Babylon Iraq.

People have absolutely no idea that Scandinavians not only survived the last Ice Age 12.500 years ago but that some of them migrated into the Middle East where they were known as the RULERS who had the DIVINE RIGHT TO RULE based upon their bloodline or DNA as our ORIGINAL MITOCHONDRIA MOTHER BLOODLINE. As a matter of fact when you study the original dynasty of Egypt they were Scandinavians.

Hiberu and Apiru
Habiru or Apiru or pr.w (Egyptian)[1] was the name given by various Sumerian, Egyptian, Akkadian, Hittite, Mitanni, and Ugaritic sources (dated, roughly, between 1800 BC and 1100 BC) to a group of people living as nomadic invaders in areas of the Fertile Crescent from Northeastern Mesopotamia and Iran to the borders of Egypt in Canaan.[2] Depending on the source and epoch, these Habiru are variously described as nomadic or semi-nomadic, rebels, outlaws, raiders, mercenaries, and bowmen, servants, slaves, migrant laborers, etc.
The names Habiru and Apiru are used in Akkadian cuneiform texts. The corresponding name in the Egyptian script appears to be pr.w, conventionally pronounced Apiru (W,or u-vowel "quail-chick" being used as the Egyptian plural suffix). In Mesopotamian records they are also identified by the Sumerian logogram SA.KAS (or SA.GAZ), of unknown pronunciation. The name Habiru was also found in the Amarna letters, which again include many names of Canaanite peoples written in Akkadian. etc, etc. ###

THE SA.KAS OR SA.GAZ ARE THEY ASSOCIATED WITH ISAAC AND THE ANGLO SAXONS

The names Habiru and Apiru are used in Akkadian cuneiform texts. The name Habiru and Apiru were also used in Akkadian, Egyptian and Mesopotamian cuneiform texts.

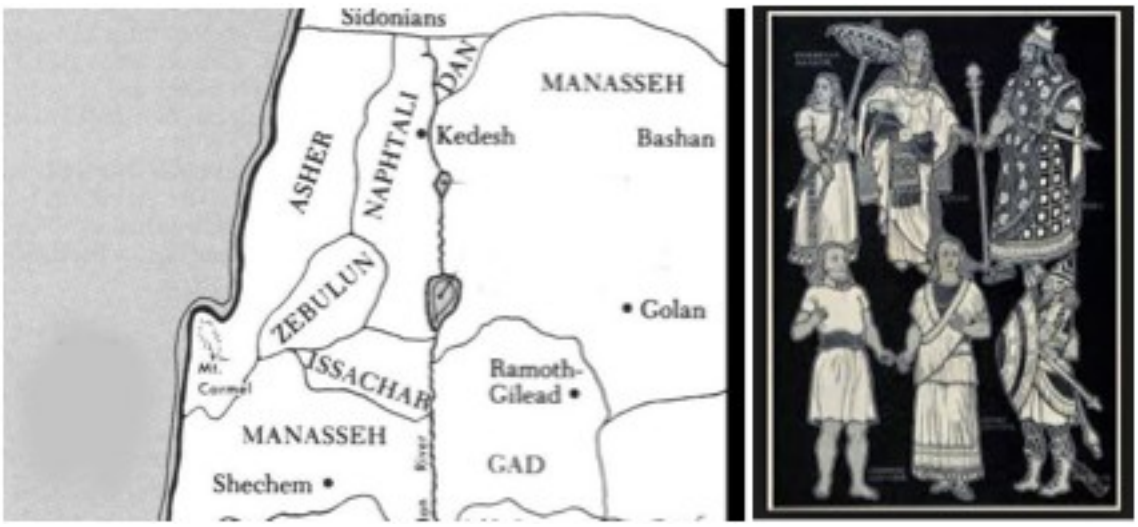
The idea that the Saxons (or Saka) are descendants of Isaac's sons is rooted in various historical and mythological interpretations rather than established historical fact.

However, the Saxons were later referred to as a group of Germanic tribes that inhabited what is now northern Germany and parts of the Netherlands. They played a significant role in the early medieval history of England after migrating there in the 5th and 6th centuries.

The concept of the Saxons being linked to biblical figures, such as Isaac, often comes from a mix of historical

speculation, folklore, and the desire to create a narrative connecting various peoples to biblical lineages. In particular, some groups have claimed descendents of Northern Israel came from the "Lost Tribes of Israel," which includes speculations about them being the Anglo-Saxons, but these claims lack strong historical and geological support or scholarly support because that data has deliberately been hidden from us by the POWERS THAT BE.



In summary, while there are theories and beliefs connecting the Saxons to biblical lineages, there is no definitive historical evidence to support the claim that they are direct descendants of Isaac's sons. These connections are more reflective of mythological or ideological narratives than of concrete historical lineage. What seems to be more likely is that the Anglo Saxons are the descendents of the Apiru and Shoshu who later became known as the Hebrew people by Bible writers. Meaning that their may be some truth to it.

Hate is abstract. Cain's Sons and The Serpent-seed's hate want to kill and race-mix this girl...

The Canaanite DEEP STATE back then wanted to eliminate the Scandinavians and their bloodlines.

Scandinavian Royalty were NOT WARRIORS. Scandinavians were farmers from democratic societies who had religion their own literature, music and culture separate from other tribes

SCANDINAVIAN TRIBES LIVED IN NORTHERN ISRAEL BEFORE THE JEWISH TRIBES SETTLED ISRAEL

In Northern Israel they were known as the Apiru, Naphtali, Nazarene Gentiles etc. Those who lived in the suburbs of Judah were known as the Judahites, It looks like the Jewish stories in the Old Testament that came from Mesopotamia were blended into the history into the life and times of the Apiru Scandinavian Naphtali, Nazarene Gentile legends. The Jewish stories are part fact part fiction

In other words: White people lived in Palestine 2,700 years before the first Hebrew, Abraham, existed. (Evangelicals believe Abraham was a historical person. Many historians question his existence.)

The white people migrated from the region currently occupied by Iran meaning that Persia was once white.

It appears that white people have a genetic predisposition to flight rather than flight when their space is encroached upon.

From The Times of Israel ▼

Blue-eyed, fair-skinned settlers inhabited the Levant some 6,500 years ago, according to an international interdisciplinary team of scientists. An article released Monday in the peer-reviewed journal Nature Communications solves the mystery of how Chalcolithic culture got to the Galilee: via population migration.

When they mapped the genomes of bones from 22 of the 600 individual skeletons discovered in a massive necropolis near Peki'in in the north of the country, the scientists found a genetic mix quite unlike that of previous and successive settlers of the region.

According to Egyptian coloured wall illustrations a good proportion of the western Semites (including the HEBREWS) were blonde and red haired15. Hebrew slaves had been portrayed (on wall illustrations still extant today) working for their Egyptian taskmasters and some of those depicted are blonde16. Colouring varied from tribe to tribe and **fairhairedness may have been more pronounced later in the north of Israel than in the south**. In order that no one should misunderstand this matter it is worthwhile clarifying it:

1. Red or Blonde- hairedness was considered characteristic of peoples from the Land of Israel, and Syria according to Egyptian illustrations.

2. Sometimes groups of assumedly Israelite (or "Palestinian-Syrian") individuals are shown as entirely blonde or redhaired with blue eyes and pale pink skins.

3. More often people are shown from the same areas with very dark (maybe oiled?) head hair and red or blonde beards and eyes being either brown or bluish.

4. Blonde or redhaired individuals are sometimes depicted in groups though frequently they are shown as mixed in with other much darker individuals with similar facial features to themselves.

5. Groups of darkish people from the geographical areas of Syria and Israel are also often depicted. SO THESE WERE THE MIXED RACES.

6. Mesopotamian, Syrian, and "Phoenician" coloured statuettes depict both dark individuals as well as those with blue eyes and red-blondish hair. Statuettes from Judah and northern "Israel" show individuals with both apparently "European" as well as "Semitic" type features. MIXED RACES.

7. **It follows that there were both mixed dark "Mediterranean" and so called light "Nordic" types existent amongst the ancient Israelites and the peoples around them.** The evidence supports the idea that maybe there existed a certain color differentiation from tribe to tribe or from one general area to another.

THE CANAANITES INDIANS AND JEWS CERTANLY APPEAR TO BE THE HISTORICAL SHASU BANDITS

Mysterious Shasu – Bandit Canaanites Or Israelites?

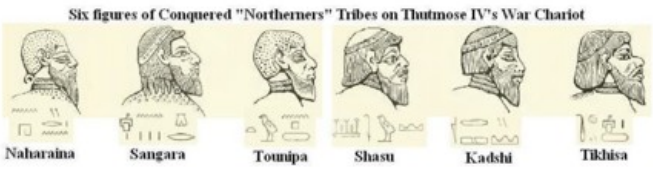
Dark Hair Dark Eyed Shasu or Semite Tribes



Donald B. Redford, *Egypt, Canaan, and Israel in Ancient Times*, 1992

"No one can prove (or disprove, for that matter) that the tribal federation 'Israel' originated on Palestinian soil. No one can prove that the major components of that federation had always existed on Palestinian soil. All that is known for certain is that, some time during the fourth quarter of the thirteenth century B.C., Egypt knew of a group, or political entity, called 'Israel' and occupying part of the land of the land of Canaan; but whether the group had recently arrived or taken shape is not stated in our sources. That the Hebrew language is closely related to the West Semitic dialect (s) that we subsume under the catchall 'Canaanite' is a fact; but then, it is equally closely related to the dialects of Transjordan as well."

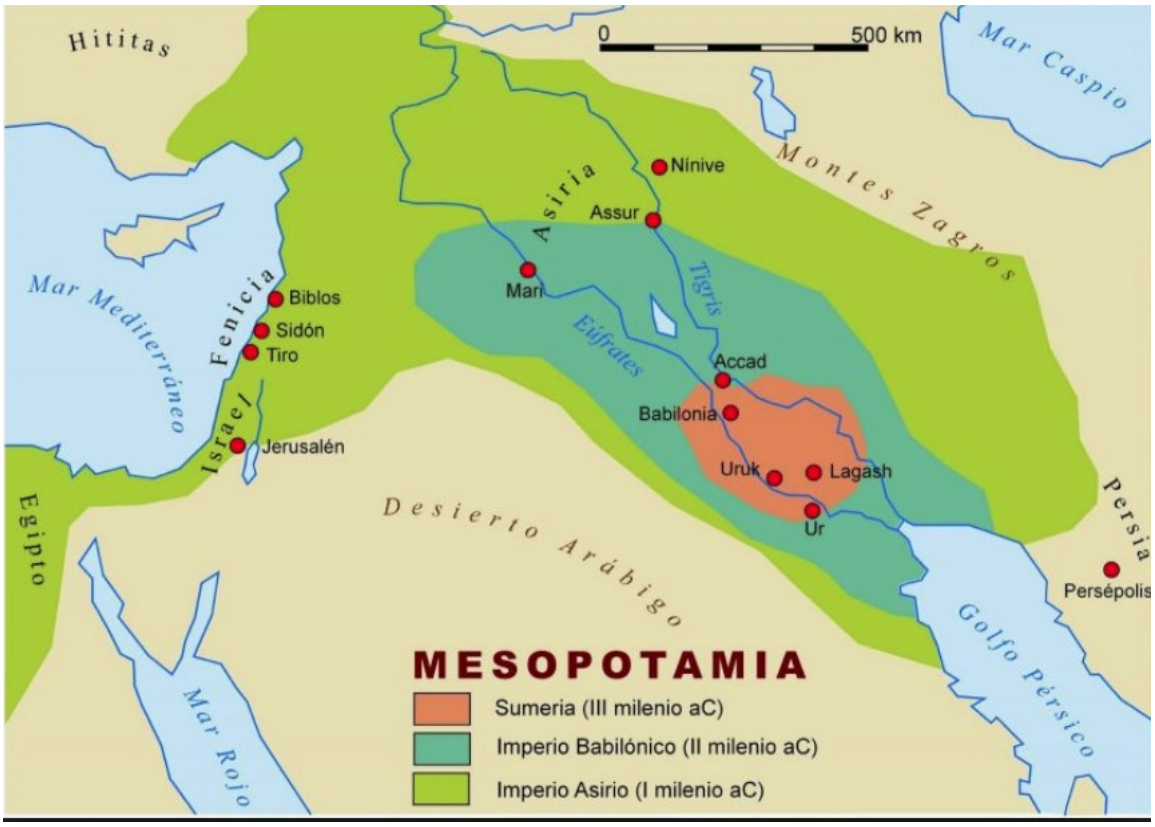
I found that the Shoshu that were a mixed race of Sumerian Hyksos Indian, Egyptian, Akkadian, Hittite, Mitanni, and Ugaritic people (who dated back roughly to between 1800 BC and 1100 BC). The Shoshu were the dark hair dark eyed,

red hair green eyed nomadic trilbe that seem to be linked to the Jews, Indians and Canaanites.

The indigenous Apiru Aryans lived in Northern Israel long before the dark hair dark eyed, red hair green eyed races came to town known in history as the Shoshu or in the Bible as the Canaanites.

Apiru + Shoshu = Hebrew

When the Shoshu and Apiru races bred their descendents became known in Bible lore s the Hebrew People. The Apiru were primarily the Northern Israelites spoken of in the Bible. They were the Nazarene, Naphtali, Galilean Gentiles Jesus referred to as MY PEOPLE.



The land of Canaan, which at one time in history spread through *North-eastern Mesopotamia and Iran* to the borders

of Egypt, which at one time in history was known as the land of the Semite Indian Canaanites Arabians.

ACCORDING TO THE EGYPTIANS WHO WERE AT WAR WITH THEIR RIVAL CANAANITE NEIGHBORS, THE CANAANITES WERE DESCRIBED IN NEGATIVE WAYS. THE APIRU AND CANAANITES WOULD TRAVEL TO EGUYPT DURING DROUGHT SEASONS IN ISRAEL TO WORK.

The Shoshu Canaanite people can be identified by the wall-paintings and
reliefs, depicting them as a racially *Semitic people who* ***became part*** *of the Ancient Northern Israel Hebrews aka the 'Habiru' tribes.* The Canaanite Shoshu were described "as nomadic or semi-nomadic, *rebels, outlaws, raiders*, servants, slaves, migrant labourers, etc.

THE EGYPTIANS ALSO MENTIONED THE SCANDINAVIAN APIRU RACE

The names 'Habiru' and 'Apiru' are also used in Akkadian cuneiform texts. The corresponding name in the Egyptian script appears to be ʕpr.w, pronounced 'Apiru' (W,or u-vowel "quail-chick" being used as the Egyptian plural suffix). In *Mesopotamian* records they are also identified by the Sumerian logogram SA.GAZ. The name 'Habiru' was also found in the 'Amarna Letters', which also include many names of the Canaanite peoples written in Akkadian."

"The Amarna letters (sometimes Amarna correspondence or Amarna tablets) archive, on clay tablets, mostly diplomatic correspondence between the Egyptian administration and its representatives in Canaan and Amurru during the New Kingdom. The letters were found in Upper Egypt at **Amarna**,

the modern name for the Egyptian capital of Akhetaten (el-Amarna), founded by Pharaoh Akhenaten (1350s – 1330s BC) during the Eighteenth dynasty of Egypt. The Amarna letters are unusual in Egyptological research, because they are

mostly written in Akkadian cuneiform, the writing system of ancient Mesopotamia, rather than in hieroglyphic, hieratic or demotic script normally used in ancient Egypt. The correspondence spans a period of at most thirty years."

"The Amarna letters were written to Egyptian pharaohs in the 14th century BC, and documented time of unrest in Canaan that goes back before the battle of Kadesh, to the time of Pharaoh Thutmose I. Though such letters are found through out most of the Fertile Crescent, the arc of civilization extending from the Tigris-Euphrates river basins over to the Mediterranean littoral, and down through the Nile Valley during the Second Millennium, the principal area of historical interest was due to their engagement with Egypt."

"A number of what are known as the 'Amarna letters' - sent to Pharaohs Amenhotep III, Akhenaten (Amenhotep IV) and, briefly, his two successors, from vassal kings in Canaan and Syria in the 14thcentury BC - also mention the "*Habiru*". These letters, written by Canaanite scribes in the cuneiform-based Akkadian language, complain about *being attacked* by armed groups who were willing to fight and *plunder* on any side of the local wars in exchange for equipment, provisions, and quarters." These people were the "*Habiru*".

IN CONCLUSION
WAKE UP SLEEPING SHEEPLE

It's time people stop doing what they are doing to do a bit of study into the hybrid bloodlines who rule the world and who destroyed and have been compromising the ORIGINAL INDIGENOUS SCANDINAVIAN BLOOD LINE on earth WHO ONCE HAD THE DIVINE RIGHT TO RULE THE WORLD. There are methods to these HYBRID DEEP STATE RULING ELITE as it has to do with lying about how their evil bloodlines were conceived and who our real Mitochondrial Mother line is that we all share DNA with no matter what color you are today. Aliens the Elohim of Genesis created hybrid bloodlines in their image and likeness to rule the world. To do that they had to use the DNA of our ORIGINAL MITOCHONDRIA MOTHERS WHO WERE SCANDINAVIANS.

Our earth is billions of years old. There have been many ages on earth that were destroyed in the past and had to start all over again. We are at the end of one of those Ages again when the Bible claims Jesus will be back to CLEAN HOUSE so that we can once again live in a Newly Created earth after the one we are on right now goes through more catastrophic changes.
